# OfferHub | Drive more sales from your discount-searching shoppers

1bn+ shoppers search for discounts every year. 90%+ of these searches include your brands name. Keep them on your website with **an instant on-brand and SEO friendly offers page.**

View live example ⤴

Why you're losing sales (and how to stop it)...

STEP 1	STEP 2
Shoppers go off-site to search for brand + discount	**End up on 3rd party websites you have no control over**
Shoppers you worked so hard to acquire vanish from your site, searching for discounts	Finding invalid codes, offers from your competitors and often give up on the purchase.

With OfferHub... Keep and convert shoppers on-site

Filters & Search 🧑‍💼
Quick access to relevant deals

Auto-updated offers ⚡
From an offers API • optional

GPT/AI-enhanced offer info 🤖
Increasing visibility on Google

SEO-optimised 🔍
Rank #1-2 on google search

🧑‍🤝‍🧑 **Include group offers**
Target ages or occupations

🔒 **Take control**
Show the offers you want

🎨 **On-brand design**
Feels like the rest of your site

📈

Increase conversion & sales

Shoppers trust your brand and are much more likely to convert from your own page.

😊

Increased customer satisfaction

Shoppers will no longer be frustrated with expired and invalid codes.

How it works:

1 • Choose offers

Send the offers to include or we can sync with your affiliate network's offers API

2 • Offer page created

We create the offer page in your colours, font and styling.

3 • Add to website

Add the Offer Hub with 1 line of code.
